COMMENTS FROM THE TOWN MANAGER'S OFFICE

It appears quite certain at this time there will be no town sponsored junk vehicle removal due to the activity of private concerns. There will not be enough vehicles to interest the National Guard to spend their time here. We can place owners of these vehicles in contact with people who are interested in removing them while they are in the vicinity. A call to the Town Office will provide this information.

An inspection of the town will be made by police officers to find any vehicles remaining when the present operator leaves. Those that have junk left will have to apply for a junkyard license or remove it at their expense. It is our understanding the price of the used metal is declining, therefore it may be difficult to dispose of this material.

The Planning Board meets Thursday, May 30, to try to decide on a Shoreline Zoning Ordinance they feel will serve the community. Once a decision is made within that Board it will be presented to the State for its approval. An article will have to be presented in a town meeting for town consideration.

MATCHING CHAIR RECEIVED FOR MOSES MASON HOUSE

—Open House June 6

The mate to the Hitchcock chair given recently by Mrs. Cecil Conrad has now been acquired for the Moses Mason House. The Conrads drove to Keene, N. H., last Thursday and brought back the chair which had been in the hands of Mrs. Percy Hudson. Mrs. Hudson was Doris Frost of Bethel and she has donated the chair in memory of her father and mother, Mr. and Mrs. Albert C. Frost.

This chair along with its matching counterpart will be viewed with interest by citizens of Bethel who knew the Frosts, when the Moses Mason House is open to the public on June 6. The same will be true of other items donated by, or in memory of people connected with Bethel's history. Open House will be held from 6 to 7:30 on June 6 at the Moses Mason House at the corner of Broad and Mason Streets, in order that all those who have watched with interest as the project has developed may see for themselves what progress has been made.

A unique acquisition which deserves special attention is the mahogany sleigh bed which will have its place in the master bedroom of the House. It is a gift of the John T. Grovers. Featherbeds have been given by Mrs. Gwendolyn Holt and Mrs. Doris Lord; a white candlewick coverlet by Mrs. Clare Smith, and several wooden planes and a niddy-noddy by Mrs. Doris Lord.

GREENWOOD CITY

— Mrs. Colista Morgan, Corres. —

The rain stopped. Skies brightened. Then they darkened again. The rain recommenced, then stopped again. All week the weather has followed that pattern. But long ago I gave up expecting a perfect season. Spring wasn't by any means.

Even as I write this, it's a gray day. I watch the mist that are rising slowly in scattered columns out of the woods across the pond. They are like gray wraiths appearing and disappearing. In places across the top of the mountains the breeze catches them and tears them to shreds.

The moving swallows are rising and falling in a revolving wheel and are telling me that the season progresses like a long linked sentence with a bright mark at the end making me tingle with the beauty ahead.

In spite of the dreary week I had a dream come true. From childhood through the years I have wished I could see one of the most gorgeous birds of eastern North America. It happened! One early evening my sister-in-law called me and said, "We have the most beautiful bird on our porch! It is bright red with black wings."

"Oh, the Scarlet Tanager, keep him until I get there, I've never seen one," I said.

I hung up and went. Sure enough he waited, which I didn't expect. He could have gone easily for the door was fully open. Not at all frightened even at my appearance he moved about leisurely. His crimson body and sable wings were truly spectacular! As he posed in different places I took several pictures. Because there were cats in the barn, I helped him find his way to freedom. To thank me he appeared on a perch by my sink window early the next morning, went to my feeder, found nothing he liked, then searched the eaves of the garage picking up insects. Twice since he has been back to the farm and three days later I saw him or another, by the roadside two miles from here.

Who says, "Dreams don't come true!"

This one will be remembered forever.

The rainy days gave me time to read "Cathedrals of the North" by Robert P. Tristram Coffin.

To quote "If I had to choose a building to stand for America, it would not be one of those tall silver monoliths of New York City . . . I would go to the country, to the green carpet, for my symbol. It would be the barn. The barn is America at its fragrant and warmest best. It stands for the genius of the nation built of rich soil and fat cattle . . . I enjoyed it with his poetry included now and then; some of which was gay and some sad. It is sadder still are those barns all over New England once dedicated to farm crowding life, now standing empty on our horizons and hills. They lost cathedrals stand for new economy. New barns rise and shine in steel and glass but they are specialized barns. They no longer contain the barn rooms, the tie up, horse stall, cow stall, hen house; a neighborhood of the four footed, the two footed, the feathered, and

Weather? No need to say anything further.

Gardens: Too wet to do anything about them.

Patience: Keep calm and travel on.

Mr. and Mrs. Carl Brooks took Mr. and Mrs. Ellis Davis to Shelburne, Thursday evening, where they attended visiting officers night with Windthrop Grange. winged. The old farmers by hand and heart have gone out of this world and much they created have gone with them.

This next week I must dream of afternoons flowing away, a sun setting behind glowing hills, the pond a shimmer with light reflected from a darkening sky. Then finally stars overhead and stars rocking and dancing in the lapping waters which tumble to the shore.

And may this dream come true to be shared with you.

Many have been to their family plots in the grave yards to place flowers on the graves before Memorial Day. It's too early for plants yet. The 30th was soon enough and then sometimes we have had a frost to kill the plants. This is a cold wet time, three days earlier, to put tender plants out in the open. I'm waiting a little longer before fixing the urns.

**Nobody's
closer to Me.
than you.**

We live here.
And yet like the fabled New Yorker who's never been to the Empire State Building, most of us have never seen Maine.
Well, now's our chance. Because with the energy crisis cutting into many of our plans, this may be the year to discover America. Right here in our own backyard.

Did you know we have more miles of coastline than California, Washington and Oregon combined?
And that Moosehead Lake is bigger than the State of Delaware?
That some of the mountains in Baxter State Park have never been climbed?

That the Popham Colony site near the mouth of the Kennebec River may be the first attempted English settlement in the Northeast corner of America?
There's so much more to Me. than meets the eye. Especially if you live here.

Why not find out more about the Great State of Maine. In Maine, call 800-442-6032. Or write Department of Commerce and Industry, State House, Augusta, Me. 04330.

We'll tell you how to turn your weekends and vacation weeks into the best you've ever had. Right here in Maine.

See Me. first. It could be good for all of us.

The Great State of Maine.

Letters to the Editor
May 16, 1974

To the Editor:
Being stationed at Ellsworth AFB, South Dakota, I hardly expected to see a copy of the Bethel Citizen.

When I ran across one the other day, my roommate, Paul Means of Butler, Pa., and I really enjoyed it. Paul, knowing none of the people, found it interesting but I enjoyed catching up on all of the home town news.

Sincerely,
Kurtz E. Gaugler

To the Editor:
A meeting was held at Telstar Tuesday evening to reorganize a Telstar Athletic Boosters Club. To my dismay very few attended.

Where were all those people who were so enthusiastic about reorganizing this Club? Where were those who have complained about the needs in the athletic program?

This Boosters Club would support all students in the phys Ed program, not just the Varsity sports. A great need is seen in the Jr. High. This past year the Jr. High was very active in football, skiing, basketball and baseball, but they need better equipment. I've heard several parents of girls who participate in various sports activities complain that the girls are always left out. I didn't find one parent of a girl athlete at the meeting.

The track team has been very successful in past years. We don't have a track field at our school, so track meets have always been away meets. Where were the track fans? There are many needs to be met and I have only touched the surface. An active well organized Boosters Club could really accomplish great things and fill several needs that our school budget can't meet.

I hope to see a large attendance at our next meeting scheduled for June 6 at Telstar. We have several projects in mind during the summer, and need help. Officers were elected at our first meeting, but we need a board of directors, finance comm., membership comm., publicity comm., and members.

Thank you,
A Telstar Fan

BETHEL LIONS INSTALL OFFICERS — On Wednesday evening, May 22, the Bethel Lions Club observed Ladies Night and installed officers for the 1974-75 year at a meeting held at Sudbury Inn. Seated, left to right, in the above picture:

Eldon Greenleaf, third vice president; Eugene Kelley, first vice president; Clifford Hobbs, lion tamer; Malcolm Gould, president; Steve Anderson, second vice president, and Samuel Bigelow, tall left to right, in the above picture; Maurice Bouchard, directors for two years; Jay Willard; Dale Thurston; and Wallace Saunders, directors for one year.

TELSTAR VOTER REGISTRATION SAID TO BE MODESTLY SUCCESSFUL

Voter registration at Telstar, May 28, was modestly successful. Nineteen voters were registered. Of these only five chose not to enroll in a political party.

Herbert Coolidge and Cathy Littlefield, each not yet 18, addressed the group with brief but inspirational talks on the merits of voting and otherwise participating in the elective process.

Mrs. Walter Cherry completed registrations by notarizing the registration cards.

The voter registration cards have been turned over to town clerks in the communities of Woodstock, Greenwood, Andover and Bethel. No one from Newry was registered.

DOLLARS FOR SCHOLARS

Nesta Littlefield received the two ten speed bicycles recently awarded by the Dollars for Scholars. A special thanks is extended to all who worked so hard to make this fund-raising program a success.

There will be a meeting to determine the scholarship winners. It will be held in the Conference Room at Telstar at 7:30 p. m. on June 2. This is always an interesting meeting. All members who possibly can be urged to attend.

It has been learned that some were not at home when the membership drive students came to their home. If any would care to, they may send a donation to Dollars for Scholars, Roger Conant, Casco Bank, Bethel.

HARRISON RICHARDSON was State Senate candidate, Gordon Rideout, Harry Richardson and Norman Dock of Bethel.

Mr. and Mrs. Robert Sargent from Jamaica Plain, Mass., visited Mr. and Mrs. Harvey Sweetser and Mr. and Mrs. Wendell Sweetser and family over the week end.

Mr. and Mrs. Norman Ford and Mr. and Mrs. Alfred Weedon Jr. of Dover, N. H., were Sunday guests of Mr. and Mrs. Gayland Doon and family. Week end guest was Mrs. Avis Doon of South Portland.

There will be a meeting of the UMW at the cottage of Mrs. Myra Doyen at Songo Pond on Thursday, June 6 at 11:30 a. m. The program will be in charge of Mrs. Elsie Inman.

Miss Brenda Tibbetts was given a bridal shower at the home of Mrs. Harold Rife on Monday, May 20. Refreshments included a pretty decorated cake made by Mrs. Leona Flint. Those attending were Mrs. Jean Bailey, Mrs. Edith Rowe, Mrs. Maryvonne Wheeler, Mrs. Claire Snyder, Mrs. Jane Carlson, Mrs. Carolyn Brooks, Miss Jeri Brooks, Mrs. Rosalind Chapman, Mrs. Ruth Wilson, Mrs. Hope Tibbetts, Mrs. Dorothy York, Mrs. Joan Pariseau, Miss Susan Pariseau, Mrs. Agnes Thurston.

The Best Way To Save Energy
Is By Calling Your Oil Dealer.

Unbelievable or not, the fact is, we can do a great deal to save energy, and in the process save you money.

FACT: oil heat directly fired saves 3 times the oil it takes to generate the same heat by electricity or any other indirect energy source.

FACT: most oil burners could use a quick inexpensive tune up that could save you 20% or more each year. Like all appliances, your oil furnace needs a little maintenance to run more efficiently. It will run cleaner too.

FACT: Our company wants to do all we can to save you money. Give us a call, we will be glad to show you how to use less of a good thing.

Casco's New
"Nestegg Savings"
Option makes
"Money-Manager"
Even Better

"Money-Manager", the package money management plan from Casco, is already probably their single most successful combination of services. It gives you free checking with no minimum balance, an account for temporary savings and a loan account that lets you borrow at about half the cost of what many banks would charge.

When you add Casco's new "Nestegg Savings" option, "Money-Manager" becomes even more attractive than before. It allows you to finally build a more permanent savings nestegg, hopefully paying you more interest in the process, and guarantees to reduce even further "Money-Manager's" already amazingly low finance charge.

Come into any office of the bank that's always thinking and pick up a folder that gives you all the details. Find out if you qualify from an income and credit standpoint for Casco's new "Money-Manager plus Nestegg Savings". It could make a lot of sense for you.

We're always thinking...
